

## UNFPA ETHIOPIA

UNFPA, the United Nations Agency for Sexual and Reproductive Health, began its development assistance in Ethiopia in 1973. Currently, we are implementing the **9th Country Programme (2020-2025)** in selected districts of 9 Regions (Afar, Amhara, Benishangul-Gumuz, Gambella, Oromia, Sidama, Southern Nations, Nationalities and Peoples, Somali, Tigray, and Addis Ababa City Administration) with a total budget of USD 112 million.

### Transformative Results Guiding our Country Programme:

Ending unmet need for family planning

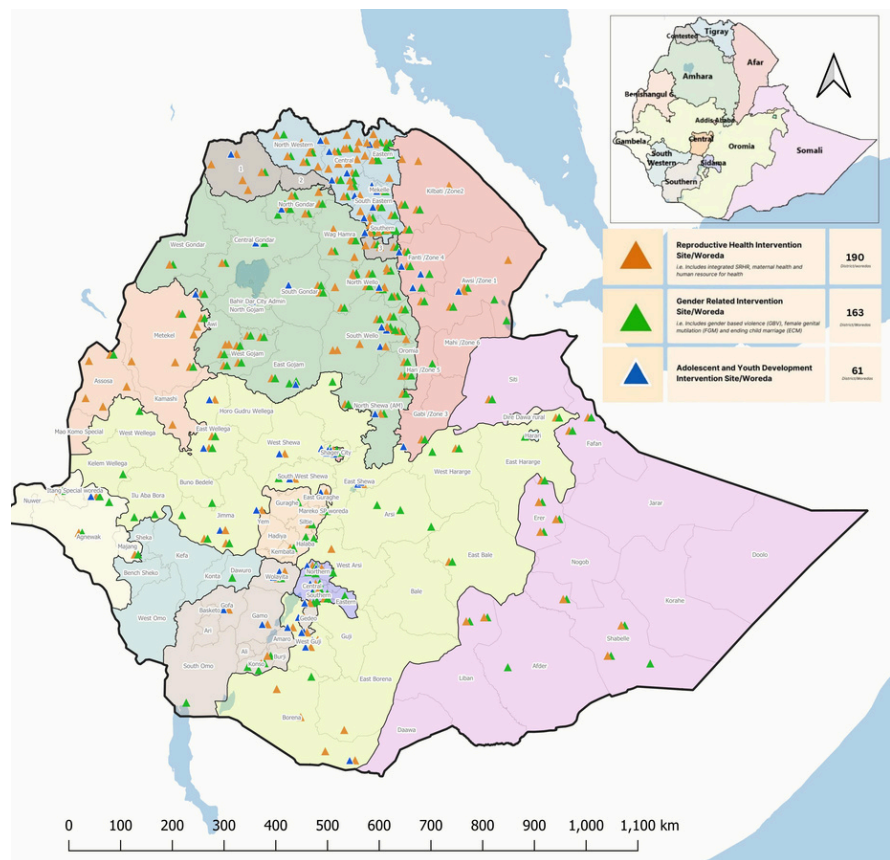

Ending Preventable maternal deaths

Ending Gender-based Violence and Harmful Practices against women and girls

Ending Sexual Transmission of HIV

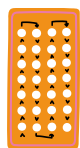

## Achievements (2020 - 2024)

### Reproductive Health

UNFPA partners with the Government of Ethiopia to strengthen comprehensive sexual and reproductive health services, ensuring the availability of essential health commodities. UNFPA procures approximately one-third of the country's public contraceptive supply and supports efforts to bridge human resource gaps in maternal health through capacity-building programs such as Integrated Emergency Surgery and Obstetrics and Accelerated Midwifery Training.

**13,941,644**

Couples received a full year of contraceptive protection [2].

**2,058**

Women and girls who received obstetric fistula treatment.

**1,232,019**

Births attended by skilled health personnel [3].

(\*UNFPA's Contribution - DHIS3)

**539**

Health facilities providing sexual and reproductive health services.

**38,321,296**

Family planning commodities procured and handed over to health facilities/authorities.

1. The data is from July 2020, which is the beginning of the 9th CPD, to December 2024.

2. From 2020 to 2024, UNFPA supported providing one full year of contraceptive protection for 13.9 million couples through the procurement of contraceptives.

3. Extracted from DHIS3 with support from UNFPA.

## Gender Equality & Women Empowerment

UNFPA supports women and girls who are survivors of gender-based violence to access the necessary comprehensive health and psychosocial services. UNFPA also supports the National Alliance to End Child Marriage and FGM by 2025.

 **458,219**  
Supported with care related to child marriage.

 **1,394,104**  
Received care and support related to female genital mutilation.

 **630,106**  
women and girls at risk of GBV reached with GBV services.

## Adolescents & Youth

UNFPA fosters youth dialogue, community mobilization, and life-skills training to enhance meaningful participation. The strategy prioritizes expanding comprehensive sexuality education and strengthening youth engagement in decision-making. As the lead agency for HIV prevention under the UN Joint Programme on HIV/AIDS, UNFPA also coordinates UN efforts on youth, peace, and security, empowering young people as agents of change.

 **1,262,130**  
Young people reached with life skills education.

 **390**  
Active youth-serving platforms.

 **92**  
Mechanisms availed for the participation of young people in policy dialogue.

## Data Systems & Evidence

UNFPA is the lead UN Agency in supporting Population and Development and supported the population and housing censuses held in 1984, 1994, and 2007. Currently, UNFPA is advocating for the 4th Population and Housing Census and supporting the 5th round of the Demographic and Health Survey.

**10**

  
Policy briefs finalized (and results disseminated)

**10**

Reports generated using mapping to illustrate vulnerability to climate and humanitarian crises.

# Humanitarian Action

UNFPA integrates SRHR and GBV prevention and response into emergency interventions through the humanitarian-peace-development nexus. In crisis settings, UNFPA provides dignity and reproductive health kits and deploys trained health personnel, ensuring lifesaving support reaches affected populations. .

**1,936,779**

Emergency-affected women supported with SRH services.

**6,127,939**

People benefitted from dignity kits and medical supplies.

**2,236,198**

People reached with SRH and GBV awareness raising information and education.

**600**

Midwives deployed

**5,669,201**

Number of women and youth engaged in peace and conflict resolution to address GBV in conflict prevention and impact mitigation.

**568**

Health facilities supported with SRH kits, medical supplies, and staff for GBV/SRH service provision.

**69**

Mobile Health and Nutrition Teams (MHNT) deployed to serve hard-to-reach affected populations.
