UNFPA’s Preparedness and Response Plan for the Northern Ethiopia crisis focuses on preventing and responding to gender-based violence and bridging protection, gender equality and MHPSS, while building back capacity on sexual and reproductive health and rights across Northern Ethiopia.

This snapshot summarizes concrete results and achievements in one-year landmark by UNFPA Ethiopia to address the humanitarian needs of women and girls facing vulnerabilities to gender-based-violence and cut off from accessing life-saving health and protection services in Tigray, Amhara and Afar regions.

**RESULTS & ACHIEVEMENTS**

**SUPPLIES & COMMODITIES**

- **Dignity Kits**: 20,800
- **Emergency Reproductive Health Kits**: 981
- **Medical equipment**: 166 pieces
- **Personal Protective Equipment (PPE) for COVID-19 prevention**: 15,733 pieces

**GBV PREVENTION & RESPONSE**

- **One-Stop Centers (OSC)**: 6
  - Providing comprehensive GBV services supported with furniture, IT equipment, medical supplies and commodities and capacity building activities in Shire, Axum, Adigrat, Maychew, Mekelle (2) in Tigray.
  - Supporting the long-term recovery and healing process of GBV survivors hosted at a UNFPA-supported Safe House in Tigray.
  - Established 2 Women and Girls’ Friendly Spaces (WGFS) located at IDP sites to provide comprehensive access to SRH/GBV response services, protection, time-critical information and life skills trainings to conflict-affected women and girls in Mekelle.
  - Supports GBV survivors through an income-generating project on commercial manufacture of menstrual hygiene products for conflict-affected women and girls in Mekelle region.
  - Established a toll-free national hotline for survivors of gender-based violence (GBV), with Ethiopia Women Lawyers Association and Ethio Telecom, to provide vital support, counseling, and referrals to existing services, including in Tigray Region, in Amharic, Afaan Oromo and Tigrinya languages.
  - 94 GBV service providers have been trained on GBV in emergencies, case management, counseling and safe referrals and ethical information management and reporting in Northern Ethiopia.

- **Midwives in Mobile Health Units**:
  - Deployed 20 midwives to 16 health facilities and mobile health units in Afar, Amhara and Tigray regions providing to date more than 42,454 midwifery services to conflict-affected women and surrounding host communities.
  - An additional 20 midwives and 22 Health Extension workers (HEW) are being recruited and trained to support the scale up of services in One-Stop Centers (OSC), Maternity Waiting Homes (MWH) and 11 RH4 Hospitals.

- **MHPSS and Psychological Support**:
  - 328 SRH service providers have been trained on Minimum Initial Service Package (MISP), BEmONC, CEmONC, CMR and PAC in Northern Ethiopia.
  - 79,698 conflict-affected populations benefited from GBV and SRH awareness raising activities through mobile community outreach teams and door-to-door mobilization campaigns in Afar, Amhara and Tigray regions.
  - 1,929 health services providers and community facilitators trained in MHPSS and Psychological First Aid (PFA) to roll out psychosocial support and referrals to conflict-affected populations at IDP sites in Tigray.
  - 1,136 conflicted-affected persons received Psychological First Aid (PFA) and GBV referral information through trained MHPSS and PFA providers at IDP sites in Tigray.

- **Leadership and Strengthening of GBV Coordination Capacity** through the GBV AoR and the Ethiopian PSEA Network.

**COORDINATION & LEADERSHIP**

- Leadership and strengthening of GBV coordination capacity through the GBV AoR and the Ethiopian PSEA Network.
- Co-Leading the SRH Working Group in Afar, Amhara and Tigray regions for better coordination and need-based responses to conflict-affected populations.
