

UNFPA IN ETHIOPIA

UNFPA, the United Nations Agency for Sexual and Reproductive Health, began its development assistance in Ethiopia in 1973. Currently, we are implementing the **9th Country Programme (2020-2025)** in selected districts of 9 Regions (Afar, Amhara, Benishangul-Gumuz, Gambella, Oromia, Sidama, Southern Nations, Nationalities and Peoples, Somali, and Tigray, and Addis Ababa City Administration) with a total budget of USD 112 million.

Transformative Results Guiding our Country Programme:

Ending unmet need for family planning

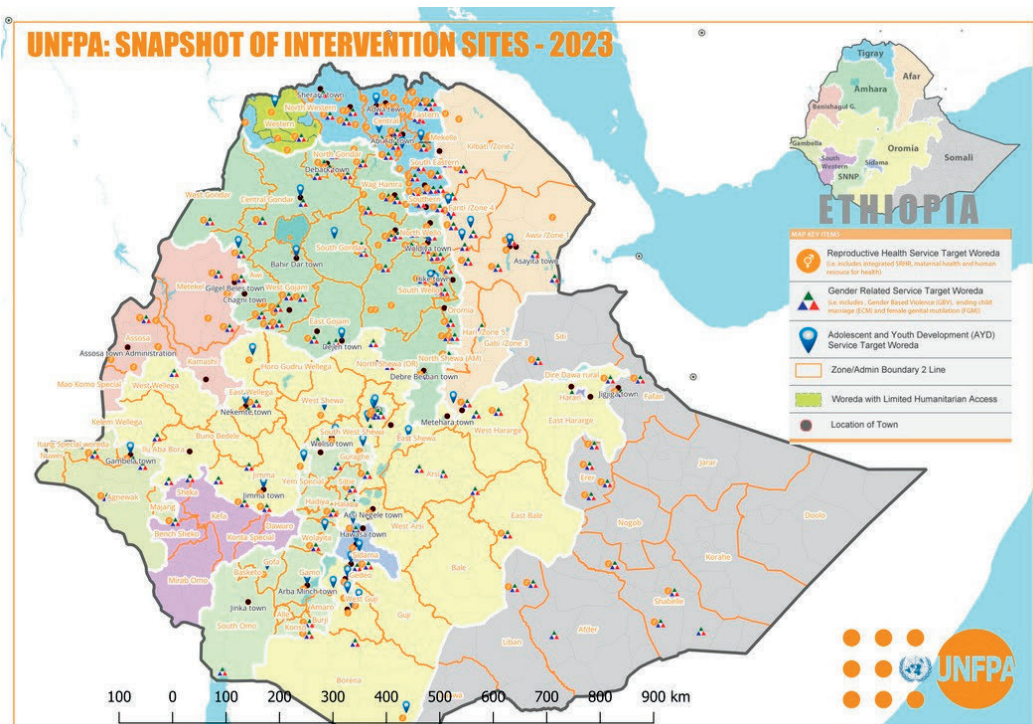

Ending Preventable maternal deaths

Ending Gender-based Violence and Harmful Practices against women and girls

Ending Sexual Transmission of HIV/AIDS

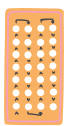

Achievements (2020 - 2022)

Sexual and Reproductive Health

UNFPA procures about 1/3 of Ethiopia's public contraceptives. UNFPA also supports the government's efforts to address a shortage of human resources for maternal health through capacity-building programs like Integrated Emergency Surgery and Obstetrics and Accelerated Midwifery.

7,452,852

Couple years* of protection provided by the donated FP commodities

735

Women and girls who received obstetric fistula treatment

322,127

Births* attended by skilled health personnel (UNFPA Contribution)

232

Health facilities providing sexual and reproductive health services

14,226,887

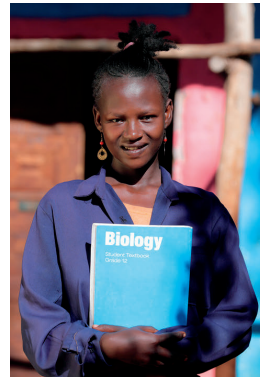

Family planning commodity procurement budget

**The data is from July 2020, which is the beginning of the 9th CPD to December 2022.*

**Interpretation: From 2020 to 2022, UNFPA supported providing one full year of contraceptive protection for 7.45 million couples (through procuring contraceptives).*

**Extracted from DHIS2 based on UNFPA-supported woredas.*

Gender Equality and Women's Empowerment

UNFPA supports safe houses, rehabilitation centers, and one-stop centers to provide comprehensive services to GBV survivors. UNFPA also supports the National Alliance to End Child Marriage and FGM by 2025.

228,787

Supported with care related to child marriage

34,865

GBV Survivors received comprehensive services

386,661

Received care and support related to female genital mutilation

Adolescents and Youth

UNFPA promotes youth dialogue and community mobilization; supports life-skills training to strengthen participation. The strategy includes expanding comprehensive sexuality education.

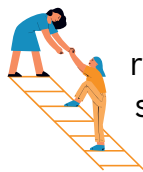

UNFPA leads the prevention component of the UN Joint Programme on HIV/AIDS and coordinates UN efforts to promote youth, peace, and security.

68

Youth-serving platforms operationalized

156,869

Young people reached with life skills education

15

Mechanisms availed for the participation of young people in policy dialogue

Population Dynamics

UNFPA is the leading UN Agency in supporting Population and Development and supported the population and housing censuses held in 1984, 1994, and 2007.

Currently, UNFPA is advocating for the 4th Population and Housing Census & supporting the 5th round of the Demographic and Health Survey.

3

Policy briefs finalized (and results disseminated)

6

Reports generated using mapping to illustrate vulnerability to climate and humanitarian crises

Humanitarian Response (*2022 data)

UNFPA supports the integration of SRHR and GBV prevention and response services in emergency responses through the triple nexus. UNFPA also provides hygiene and reproductive health kits and deploys trained health personnel to assist affected populations.

234,599

Emergency affected women supported with SRH services

2,230,269

People benefitted from 159,296 Dignity Kits and medical supplies

41

Mobile Health and Nutrition Teams (MHNT) deployed to serve hard-to-reach affected populations

153

Health facilities supported with SRH Kits, medical supplies, and staff for GBV/SRH service provision

156

Midwives deployed

53

One Stop Center and Women and Girls Friendly Spaces supported

301,712

People reached with SRH and GBV awareness raising information and education
